Charge Your USB Devices

UltraSafe Premium Rugged Battery Pack

Power your favorite USB devices with the **XGB3**, an ultra-portable and lightweight **11Wh** USB Battery Pack. Built with a water-resistant cap, this protects it from water, dirt, dust and other elements on any adventure. Plug-n-play technology makes this battery pack rechargeable from any USB powered port including, AC adapters, car chargers, laptops and solar energy (XGrid Solar Panel not included). So no matter what adventure you have planned, you can have countless hours of additional power for your favorite devices.

1 Full Phone Charge

This portable power bank provides up to 15 hours talk-time and 100-hours of audio playback and displays the charging status or current battery life. It can recharge an iPhone 8 one time in a single charge.

USB

Charge and recharge using a 5 Volt Micro USB at home, in your car, or with our solar XGC to USB cables and XGrid solar kits. Provide back-up power on-the-go for USB-chargeable devices, such as an iPhone, GoPro, or camera.

IP65

Its rubberized layer shields the power bank from water, dirt, dust and other elements. So, no matter what adventure you have planned, you can have countless hours of additional power for your favorite devices.

Ultra Compact

With a form factor slightly smaller than an iPhone 8, this rugged portable power bank is still capable of recharging your favorite devices - iPhone, Beats Headsets, GoPro, Apple Watch, and more. And it weights less than 8 ounces.
